### Ecological site keys

#### MLRA 222

---

##### I. Alpine Elevation Zone

- A. Bedrock >10% ground cover ... R222XY356AK – Alpine Dwarf Scrub Dry Gravelly Slopes
- B. Bedrock <10% ground cover
  - 1. Shallow organic soil over bedrock ... R222XY352AK – Alpine Dwarf Scrub Dry Organic Slopes
  - 2. Shallow, gravelly mineral soil over bedrock
    - i. Convex slope shape
    - ii. Concave slope shape ... R222XY357AK – Alpine Dwarf Scrub Moist Gravelly Slopes

##### II. Subalpine Elevation Zone

- A. Mountain Slopes
  - 1. Backslopes, Creep Landforms ...
  - 2. Upper Footslopes of Complex Slopes ...
  - 3. Lower Footslope of Complex Slopes ...
- B. Avalanche Chutes ...
- C. Depressions ... R222XY360AK – Alpine Herbaceous Wet Organic Depressions
- D. Drainageways ...
